EMPOWERING YOUTH TO LIVE LOUDER | [WWW.FOREVERUMOVEMENT.ORG](http://WWW.FOREVERUMOVEMENT.ORG)

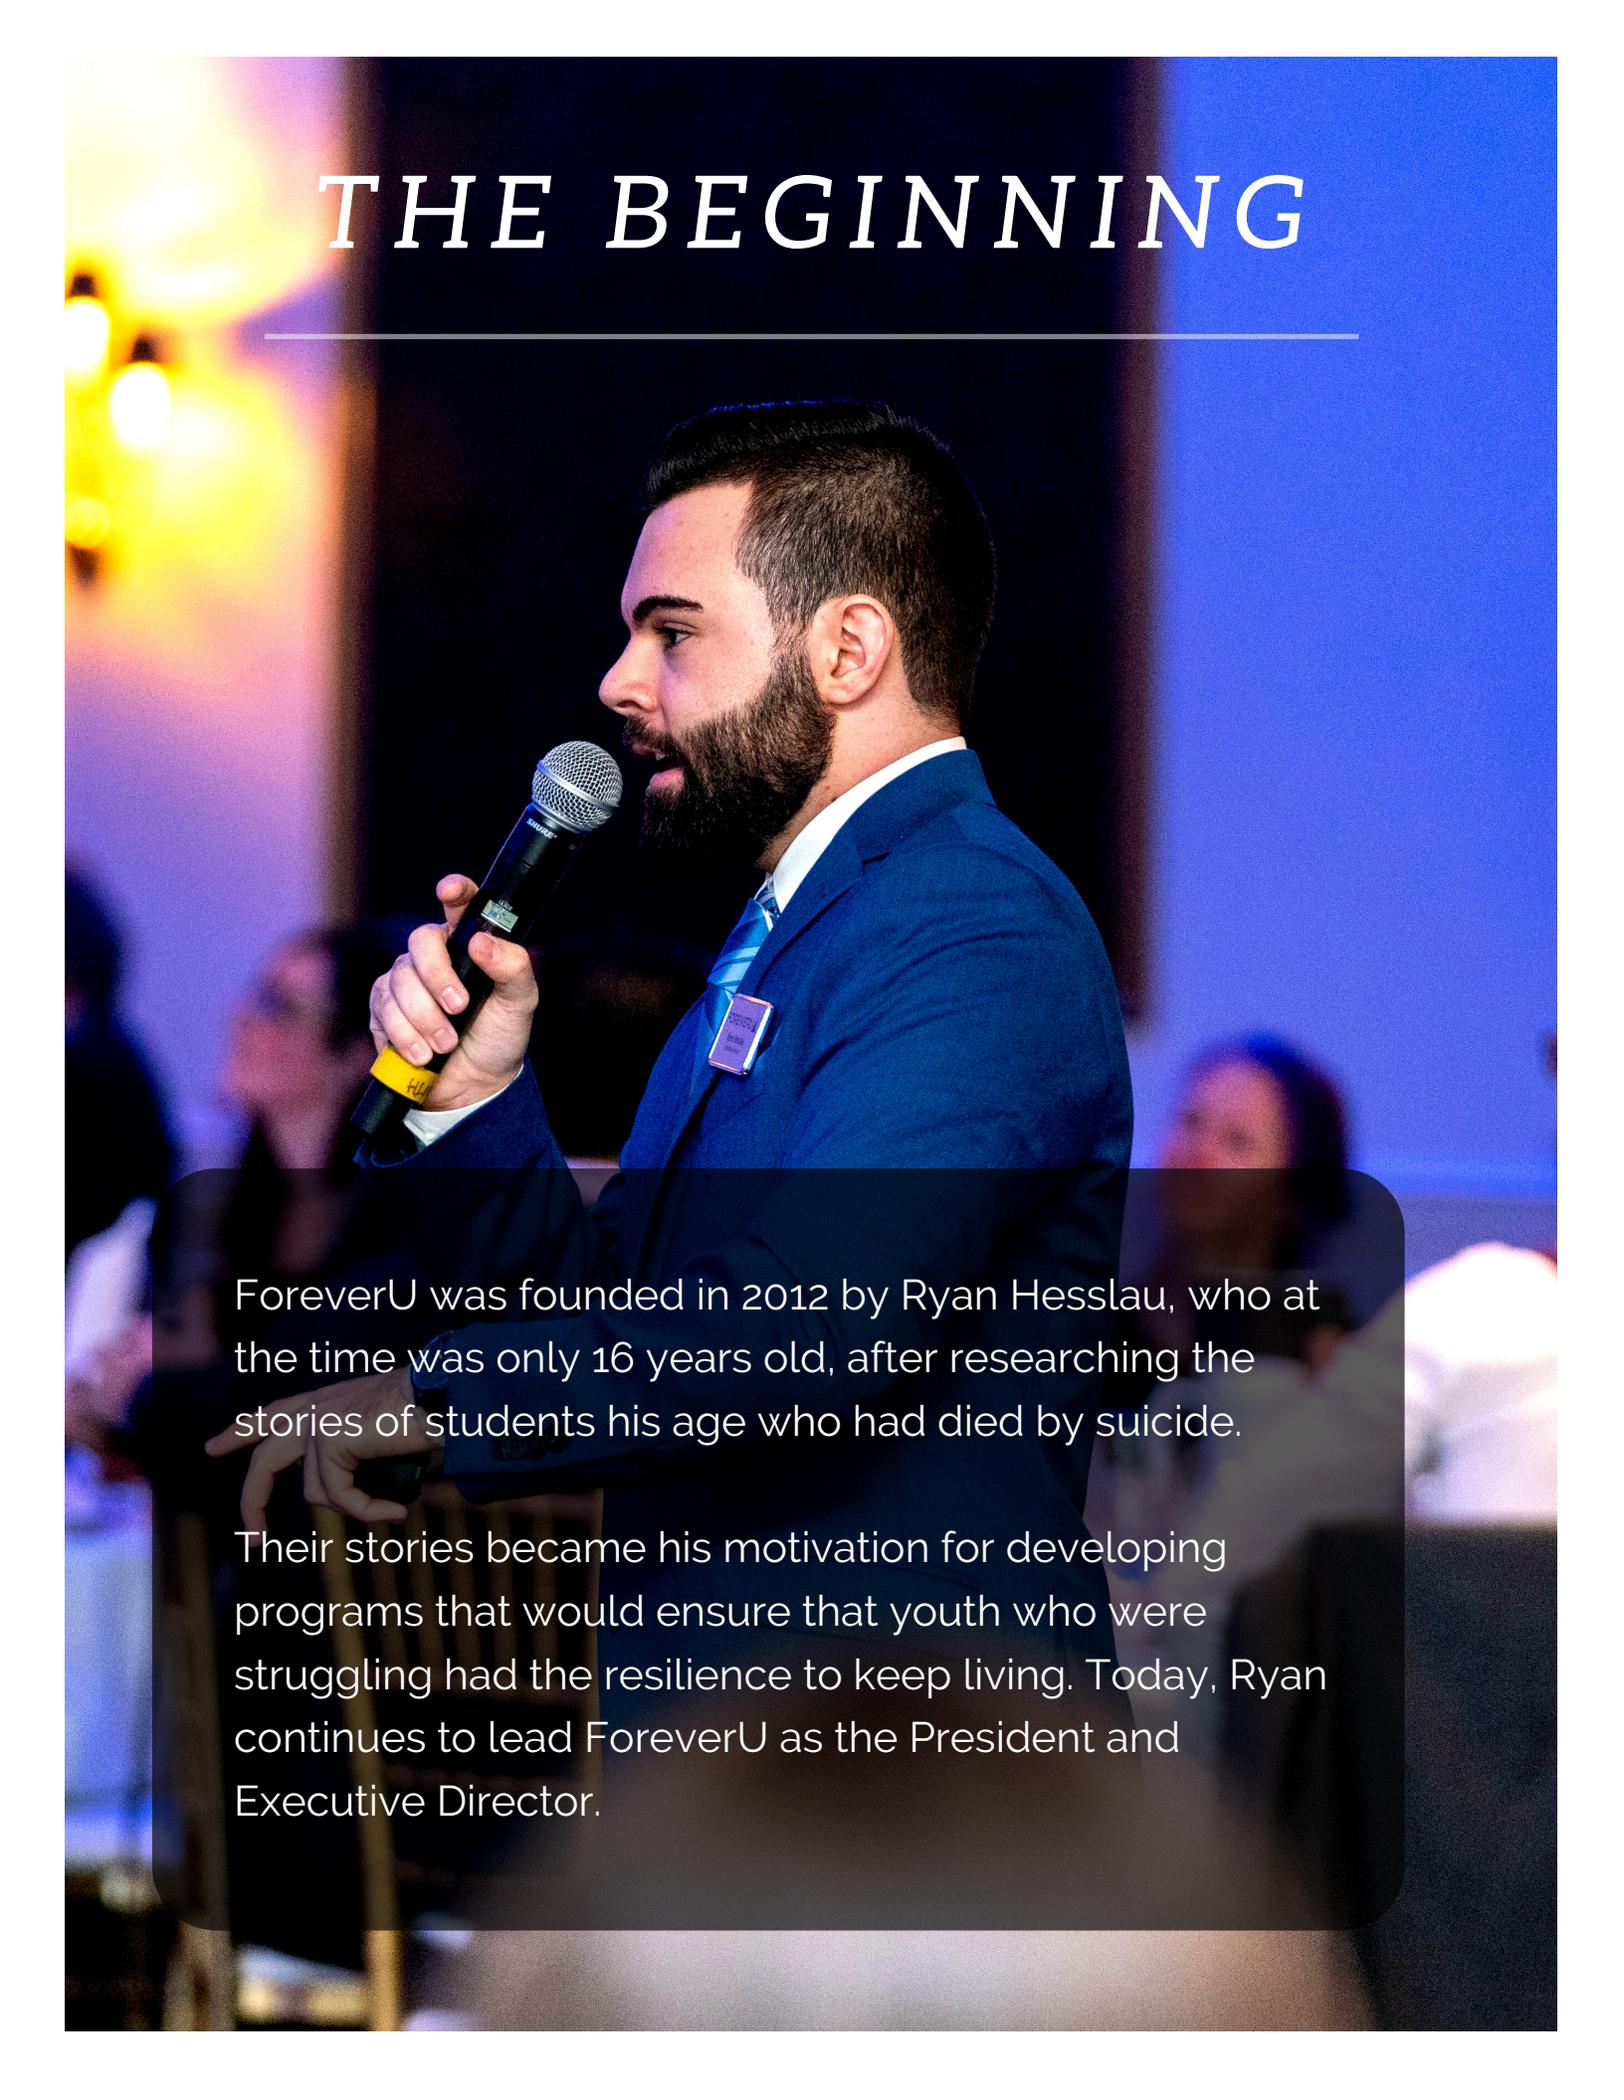

# THE MISSION

---

ForeverU is a 501(c)(3) youth development organization that empowers youth on their mental health journey through personal development programs.

# THE BEGINNING

---

A man with a beard, wearing a blue suit and a blue tie, is speaking into a microphone. He is wearing a name tag that says "RYAN HESLAU". The background is a blurred indoor setting with warm lighting.

ForeverU was founded in 2012 by Ryan Hessler, who at the time was only 16 years old, after researching the stories of students his age who had died by suicide.

Their stories became his motivation for developing programs that would ensure that youth who were struggling had the resilience to keep living. Today, Ryan continues to lead ForeverU as the President and Executive Director.

# PROGRAMS

---

## Peer Groups

Peer Groups are offered to students grade 7-12 that provide them with access to weekly mentorship and a supportive peer community. This is a great place for students to begin their ForeverU journey and receive immediate access to our programs.

[www.forevermovement.org/peergroups](http://www.forevermovement.org/peergroups)

## Classes

ForeverU offers personal development classes that are an impactful way we equip our students with knowledge and insight that prepare them for all seasons of life. These classes are voluntarily facilitated by our network of community partners.

[www.forevermovement.org/classes](http://www.forevermovement.org/classes)

## Camp Reset

Camp Reset empowers students grade 7-12 with life skills and techniques that help them establish a road map for their ideal life path. These overnight experiences consist of self-discovery sessions with guest speakers, group discussions, personal growth and mindfulness workshops, and other activities that introduce students to the greatness within them.

# No matter where our students come from, we help them elevate their potential at school, at home, and in life.

Whether a student is battling depression, experiencing bullying at school, navigating a difficult home life, trying to manage their anxiety, or something in between, **we give them the tools to show the world what they're made of.**

---

## Emotional Intelligence

We help students better manage their thoughts and emotions through practices built on mindfulness and self-awareness.

## Character Development

We help students develop a growth mindset that leads to a life of resilience, confidence, and positive decision making.

## Personal Achievement

We help students establish a sense of order and structure in their life through strategic goal setting techniques and exercises.

**Disclaimer:** ForeverU is classified as a youth development organization. Please know that our volunteers, employees, and representatives are not medical professionals. We are a community of individuals who are passionate about offering support and belonging to youth on their mental health journey. The information and programs we provide are meant to encourage and support students and is not meant to replace the advice or expertise of medical professionals.

**Who Should Participate?** Our personal development programs are highly encouraged for students grade 7-12 who are looking for a supportive community to help empower them on their mental health journey. To get the most out of their program experience, students should be open to personal growth, positive change, take responsibility for their own learning, and be supportive member of the ForeverU community.

We have an on-site counselor and nurse at all overnight programs.

# QUICK FACTS

All program staff and volunteers are required to be working towards or have achieved a degree in social work, psychology, or a related field.

All students who participate in our camps or peer groups have access to a mentor.

In addition to working with youth, we also educate parents on how to empower the household.

All program volunteers undergo a background check, must be a certified mandated reporter, and undergo training in partnership with Silver Oaks Behavioral Hospital.

We fulfill 100% of financial aid requests.

# MENTORING

---

Mentors have the responsibility of supporting students during their ForeverU experience through our camps and life groups. The intention of integrating mentors into our programs is to provide young adults with the opportunity to "be the role model they needed when they were younger". Mentors also help us ensure that the students we serve feel encouraged, valued, and supported during their time in our programs.

## Requirements:

- 21-32 years old.
- (6) month commitment.
- Certified mandated reporter in Illinois.
- Passionate about youth development and mental health.
- Must have (or be working towards) an undergraduate degree in social work, psychology, or a related field. If not, you must at least be certified in mental health first aid.

Our **camp mentor position** is a voluntary role. These mentors have the responsibility of leading a group of no more than (6) students at an overnight camp and serve as their designated point person. Following the camp, they are requested to have a check-in call with their assigned students at least (2) times per month.

Those who apply to be a **peer group mentor** will be responsible for facilitating weekly meetups with a group of no more than (6) students. Because of the commitment that this position requires, these mentors are eligible for a stipend.

**Training:** All prospective candidates undergo a background check and video interview. If selected, mentors are required to attend a mentor training webinar.

# PARTNERSHIPS

---

## **Community Partners**

Community Partners help us connect our programs to youth and families who would benefit from our services. This partnership type is for mental health organizations, behavioral health hospitals, private practices, schools, churches, youth-organizations, and community groups.

## **College Partners**

College Partners help us connect social work and psychology students to volunteer and internship opportunities offered through our programs. Our programs are an excellent way for students to gain hands on experience in the mental health field and take their knowledge beyond the classroom. This partnership is encouraged for all four-year colleges and universities with a social work, psychology, or mental health related program. As a partner, the Field Director or Department Chair are added to an exclusive email list that notifies them of new volunteer and internship opportunities.

# HOW YOU CAN HELP

---

## **The Hero Program**

The Hero Program gives you the opportunity to directly invest into the lives of our students 7-12 grade, allowing us to provide financial assistance to youth in need of our life-changing camp experiences.

## **The Advocate Program**

The Advocate Program is our monthly giving project that gives you the opportunity to financially support our outreach and expansion initiatives, allowing us to increase our presence in other communities.

## **Make a One-Time Donation**

If you would like to make a general donation to ForeverU instead of becoming a "Hero" or "Advocate" as described above, please visit the link below to learn more about making a one-time donation online.

## **Birthday Fundraisers**

A creative way that you can help support our mission is by organizing an online birthday fundraiser through Facebook or by raising money on your own. All proceeds raised through birthday fundraiser help us continue our mission of empowering youth on their mental health journey.

Companies, foundations, and organizations who are interested in joining ForeverU as a financial partner are encouraged to set up a meeting with us. During this time together, we will introduce you to the history of ForeverU, our powerful program model, and how your financial support will help us continue our mission of ensuring no youth walk through life alone.

Additionally, we will walk you through the return on investment as a giving partner when it comes to brand visibility, public recognition, and making a lasting impression on the ForeverU community.
